-----

And I nod my head to everyhting  
And I dip my hand into the sea  
Drifting towards some landfall  
We know, yearn to feel  
The breath I knew long ago  
When it blew  
It carried me in song  
Yet I knew  
What it meant all along  
Blowing gently  
Yet screaming inside  
Could it be the very thing I've tried to hide  
Fell from heaven  
ANd whispered through it's song  
But I knew what it meant all along
