The black sun is blinding my eyes.
Shouts,
These shouts're driving me crazy

Inhale,
When I burn down to ashes
My body is the rest of heat.

Last dance
It is all that remained from the day
I'm a source of food
My destiny
Millions of lights burn down in eternity
It was Me.

I have forgotten my name
I do not remember myself
Only black shadows,
Leave me alone...

They turn around
Do not give me to die
They look into my eyes
Children of eternity
Eternal dream
Last dance
It is all that remained from the day
I'm a source of food
My destiny
Millions of lights burn down in eternity
It was Me.

To the South...
Ahead is instant
And there can be an eternity
Shadow carries away the rests of the life

It sneaked up to me for a long time
Pursuing me near
Looking me in a back
Cold sight

Last dance
It is all that remained from the day
I'm a source of food
My destiny
Millions of lights burn down in eternity
It was Me.
