{Good afternoon, Mr. Mangini, good afternoon
Yeah, I've got, ahh, three problems in my class
The first one is the Dinco D, yeah, right
He's always zonin' out, spacin', put him in detention}

Don't ring the bell, I'm not comin' to class
Teachers bein' preachers, how the hell can I pass?
First day of school an' I would go to the rear
With a blind spot view an' a one leg chair

I asked when, what, when, what, when class ends
The teacher points at the door, ?Go be with your
friends?
Yup, my rep was in effect to keep in step
So I stopped to drop bombs for a check

'Cause all I learned was when, where, why, what an'
who
An' then I asked, "Do you think this is true?"
Out like a strike that's three an' a number
Public education is makin' some dumber

Further an' further away, doin' it out of sight
In a year, the young teacher should teach right
No class for a pupil without a pass but gun
Back in to pass but now in '91

B-ball wavin', pom-poms to cheers
Screamin' for the team, who asks
"Where do we go from here?"

{Second problem is the C Brown, yeah, right?
He's always playin' kazoos, makin' outrageous noises
Right, ad-libs, what should I do with him?
Yo, put him in detention too}

Well, how now brown cow?
Make the girls go, ?Ooh, ahh, ooh, ahh?
School is shaky, sometimes flaky
Plenty frustratin', cheesy an' cakey

Why? Ahh, why? Ahh

Why? I was never on time
Always cuttin', goin' to the gym
Stem an' then I hear it's him

The one, the one, C Brown
This extra curriculum is beatin' them down
Ask the teachers to teach me somethin'
I can use because they're teachin' me nothin'

I tried to comply, his lie never dies
Inside, so I replied
"What about life? The real
Uncut uncensored deal?

I must not go, ?Ahh? in class
I won't pass, at last for the blast
Stop the brainwash, hang out to dry
Nonsense, I'm convinced it's lies

Truth to the youth is necessary
Important? Damn, I'd say very
March, hut, one, hut, two
C'mon, march, hut, three, hut, four

I'd say just educate yourself
Don't depend on your school for help
Read an' write 'cause it's evidence
'Cause teachers, yo, they be teachin' us nonsense

{The last but not least it's a Busta Rhymes
Yeah, I know which one you're talkin' about
He's always talkin' to the girls, talkin' in class
Startin' trouble, throwin' spitballs
Yeah, he's a hardcore problem, uhh, detention}

Yo, wake up in the mornin' to a big fat wow
Gotta get to school, on time anyhow
In school, the brainwash epidemic
Gotta hit 'em back with a rhyme calisthetic

Got enough beef with the kids who be switchin'
Now I'm in school an' yo, the teacher starts riffin'
This an' that an' yo, it's all irrelevant
As I get older, gotta build my own intelligence

Teacher, what are you doin'?
Is it my rhymes that you're really tryin' to ruin?
Back of the class, then I come forth
The borderline between us, it's time to cross

Me bein' the younger, him the elder

If we were in a war, he thinks I surrender
Kids on the block just scramblin'
'Cause the teacher's in class just babblin'

They're teachin' nonsense, teachin' total nonsense
Then they wonder why we so disobedience
He tried to break my back
I come like black on the attack

'Young and the Restless', teacher don't test this
If you try to front, you'll be sure to get this
Pow, boom, bang, straight to the grill
Teach the truth, yo, relax an' chill

Pronunciation, vexed, I'm pissed
Yo, my man, you better stop teachin' us that nonsense
Rarhh, there it go like that

{Alright, Mr. Mangini, ahh, what do you suggest
That we do about Busta Rhymes, Charlie Brown an'
Dinco D?
Those three problems? They're never gonna amount
To anything anyway, throw 'em all out, expel 'em}

Hell, no, we won't go
Hell, no, we won't go
Hell, no, we won't go

Word up, word up
[Incomprehensible]
