Check it out (chop em)
Uhh, yo

It's all over when I spit my words
I make it dark like an eclipse occurred
when me and my click emerge
I flip you birds
Not a gravedigga but I get your ish reserved
Just know that the chick's disturbed
I spit superb, so ill, and so real
while you no frills with no dea I hold steel
And if I don't kill you, bet the flows will
For my brothers that ain't here I'm lettin the Mo' spill
Briefcases of dough, like a coke deal
Uncut verses, nuttin but dope skills
Can't fill my shoes, it's beyond complicated
Gats confiscated, you sat and - concentrated
??, I'm the ish you constipated
I slaughter y'all cause y'all watered down and
concentrated
What, uhh

(WHOOOOOOOOOOOOOOOOOOOO!)
I told you, I told you
