Hide and Seek by Leaf

Hey baby haven't you noticed me  
I've been walking around and pulling your sleeve  
like all day now  
You're a busy little bee but I'm hanging on  
the end of your sweater till you stop and tell me  
How you took a dive into my pool of life and left  
the water with circles  
Now I'm only guessing for signs  
Your shirt should just smell like me, but now it's only  
you  
yeah you got some explaining to do so won't you..  
Clear my mind, did you have a butterfly fight?  
Or is it someone new under you skin, come on and let  
me in.  
'Cause this silent break is keeping me awake during  
the day, hey hey  
are you listening to a single word I say?  
Hide and seek, when love is a child hiding on the street  
Cops and robbers, my undercover lover  
Can't you see, that your stakeout is putting the take out  
on me  
You see me counting down again  
You see me counting down  
Refill my cup or leave me half empty  
'Cause right now your spoon stirs me dizzy  
dizzy as I am I'm still real friendly, friendly  
So you wanna be like neighbours and chat?  
Do you wanna be like brothers and sisters and that?  
Well I don't think that's really clever  
'cause friends forever is like never together  
Hey how about this forecast? Oh ain't the weather  
great!  
No no no no wait, were in the wrong debate  
'Cause this conversation's getting old and totally  
misplaced  
Hey hey, you're not listening to a single word I say  
Hide and seek, when love is a child hiding on the street  
Cops and robbers, my undercover lover  
Can't you see, that your stakeout is putting the take out  
on me

You see me counting down again

9 8 7 6, your position is still to fix, and my eyes are  
closed again

5 4 3 and 2 I'm almost coming after you

1 and a half, oh baby do the math

1 zero here we go, I know you're not far

Come out wherever you are

Come out wherever you are

Do the hide and, hide and seek

Hide and, hide and seek

Hide and, hide and seek

Oh baby come and find me

Hide and, hide and seek

Hide and, hide and seek

Hide and, hide and seek

Oh baby come and find me

Hide and, hide and seek

Hide and, hide and seek

Hide and, hide and seek

Oh baby come and find me
