Talk about the weather
Tell me bout your day
Or we can just be quiet
Silence is okay

You can say anything or nothing at all
You can't try any harder cause this Wont fall
Whisper that I love you
That's all you need to say

So drive me no where don't care don't say anything
Cause you got me
Oh oh you got me
Don't try so hard I'm happy right here
Cause you got me
Already got me

Can drive to the country
Or we can stay inside
Ask each other questions
And hope the answers right

You can do anything or nothing at all
You know I'll come running esch time you call me
Cause you know that I love you
So there's nothing left to say

So drive me no where don't care don't say anything

Cause you got me
Oh oh you got me
Don't try so hard I'm happy right here
Cause you got me
You already got me right here
Where I hope you keep me

You got me right here
Where I hope ou want me
I think I want to say
Don't let this slip away
Don't let this slip away

So drive me no where don't care don't say anything
Cause you got me
Oh oh you got me
Don't try so hard I'm happy right here
Cause you got me
Already got me
Drive me no where don't care don't say anything
Cause you got me
Oh oh you got me
Don't try so hard I'm happy right here
Cause you got me
Already got me
