You always appease me
With beautiful lies
You must be godlike
'Cuz nothing's never not right

You're my protector
A pillar of strength
You'd never deceive me
Unless you could hide the stain

You're practiced and polished
It's you, you amaze
Do what feels good, splurge
Your smile can take it all the away

How very thoughtful
An introduction to pain
You should be proud dear
No one's ever hurt me this way

You're just a big drama queen
You don't know who you want to be
You're so lame
Think you'd do anything
Just to get what you need

Fake, you're a genuine loser
You're a fake, you're counterfeit cool
You're a fake, a professional user
You're a fake
My world would be better without a fake

I try to keep faith
In the emperor's clothes
To me you're just naked
I guess I like the stage show

If I give up pleasure
Will I lose the pain
I think it'd be worth it
Next time, I'll find the real thing

You're a big drama queen
You don't know who you want to be
You're so lame
I think you'd do anything
Just to get what you need

Fake, you're a genuine loser
You're a fake, oh God you're counterfeit cool
You're a fake, you're a professional user
You're a fake
My world would be better without a fake

Fake, you're a genuine loser
You're a fake, yeah, you're counterfeit cool
You're a fake, a joke and a loser
You're a fake
My world would be better without a

Fake, you're a genuine loser
You're a fake, yeah, you're counterfeit cool
You're a fake, he's a joke and a loser
You're a fake
My world would be so much better without a fake
