Oh God we're here  
And goodbye chokes on my tears  
While your exit seems so effortless  
So mean, you don't fool me

When the morning wakes you'll grab for me  
But the plane took me away  
Are you scared of what you'll see  
Do they mean more than me

Trying to try  
Trying to give you all your lines  
Trying to walk away without a move  
Trying to catch your eyes

So they fall down  
Out of reach out of sight  
Are you scared of what you'll see  
Are you scared of me

Immersed in love's encounter

The heavens merge with hell  
My arms release my body  
Your arms hold what I held  
Finally I know you'll take me  
Finally I know you fell  
I climb into your body  
Climb into my own cell  
Don't turn the lights on  
Don't turn the lights on

What's on your mind tonight  
Don't think too much you'll go blind  
Make it easy find a beast in me  
Now I'm not your type

And I'll fly solo into my loner love  
While you walk and play it safe  
Aren't you scared I'll leave  
Do they mean more than me
