Something to say, say it now
Don't make me wait, losing my ground
We had a love, what a shame
But I love you all the same
Still I won't play in your game

And I need to break free
'cause you're tripping on me
Don't take it personal

You think you love
But you don't show me
You think I'm wrong
But you don't know what's right
And now I've found my heart after all this time
I'm takin' back what's mine

I had your back, who's got it now
You're off the track, can't be found
Our love was strong but then you let me down
Still love you all the same
But I won't play in your game

And I need to break free
'cause you're tripping on me
Don't take it personally

You think you love

But you don't show me
You think I'm wrong
But you don't know what's right
And now, I've found my heart after all this time
I'm takin' back what's mine

To think your love was a fantasy
Only to find you're no good for me
I shouldn't stay where I don't belong
I've made up my mind
I'm takin' back what's mine

You think you love

But you don't show me
You think I'm wrong
But you don't know what's right
And now, I've found my heart after all this time
I'm takin' back what's mine

The house
The car
The goldfish
The dog
The stereo
Oh yeah, and my heart
