The lights around the Christmas tree don't burn as  
bright  
And all around the world it isn't a silent night  
Outside I hear the voices sing the sweetest sounds of  
caroling  
But somehow there's a sadness in the song  
In our hearts we know that something's wrong

*[Chorus:]*

It's a different kind of Christmas  
In a different kind of world  
Even though it looks the same

Everything has changed  
It's a different kind of Christmas

Children opening gifts with wonder and surprise  
I wish that I could still see through such innocent eyes  
I used to feel so safe inside I had a place to run and  
hide

In my daddy's arms I felt secure  
No one can protect us anymore

*[Chorus:]*

It's a different kind of Christmas  
In a different kind of world  
Even though it looks the same

Everything has changed  
It's a different kind of Christmas

Sending cards that talk of peace and love and cheer  
Oh that's what we need if we'd only believe  
It would be!

*[Chorus:]*

It's a different kind of Christmas  
In a different kind of world

Even though it looks the same

Everything has changed  
It's a different kind of Christmas
