Under a lover's sky
I'm gonna be with you
And no one's gonna be around
If you think that you won't fall
Well just wait until 'till the sun goes down
Underneath the starlight starlight
There's a magical feeling so right
It will steal your heart tonight

You can try to resist
Try to hide from my kiss
But you know but you know
That you, can't fight the moonlight
Deep in the dark you'll surrender your heart
But you know, but you know
That you, can't fight the moonlight,
No-o you can't fight it
It's gonna get to you'r heart

There's no escaping love
Once a gentle breeze (once a gentle breeze)
Sweeps it's spell upon your heart
And no matter what you think
It won't be to long
'Till you in my arms
Underneath the starlight starlight
We'll be lost in the rythm so right
It will steal your heart tonight

You can try to resist
Try to hide from my kiss
But you know, but you know
That you, can't fight the moonlight
Deep in the dark you'll surrender your heart
But you know, but you know
That you, can't fight the moonlight,
No-o you can't fight it
No-o matter what you do
The night is gonna get to you.

(Your gonna know)

(That I know)
Don't try you're never gonna win

Underneath the starlight starlight
There's a magical feeling so right
It will steal your heart tonight

You can try to resist
Try to hide from my kiss
But you know, but you know
That you, can't fight the moonlight
Deep in the dark you'll surrender your heart
But you know, but you know
That you, can't fight the moonlight,
No-o you can't fight it

(repeat
