The lights around the Christmas tree don't burn as
bright
And all around the world it isn't a silent night
Outside I hear the voices sing the sweetest sounds of
caroling
But somehow there's a sadness in the song
In our hearts we know that something's wrong

It's a different kind of Christmas
In a different kind of world
Even though it looks the same
Everything has changed
It's a different kind of Christmas

Children opening gifts with wonder and surprise
I wish that I could still see through such innocent eyes
I used to feel so safe inside, I had a place to run and
hide
In my daddy's arms, I felt secure
No one can protect us anymore

It's a different kind of Christmas
In a different kind of world
Even though it looks the same
Everything has changed
It's a different kind of Christmas

Sending cards that talk of peace and love and cheer
Oh, that's what we need if we'd only believe

It would be a different kind of Christmas
In a different kind of world
Even though it looks the same
Everything has changed
It's a different kind of Christmas

Different kind of Christmas
