I think I know the way  
The story's gonna end  
It's getting to the part I hate  
When heartache closes in

The stage is set  
It's time for me to leave  
'Cause I don't wanna see  
The final scene

Fade to blue  
We didn't make it through  
Let the curtain fall  
And fade to blue

We played the part of lovers  
Knew every line by heart  
But sometimes love just can't erase  
What's written in the stars

So before the bitter words  
Come crashing down  
Let's leave what's left  
And the lights go out

And fade to blue  
We didn't make it through  
There won't be a curtain call  
Just fade to blue

Almost happy endings  
Have no way of coming true  
Once the feelings  
Starts to fade to blue

We didn't make it through  
So let the curtain fall  
Just fade to blue  
And fade to blue
