I love to sit and watch you work the room
You could have anyone you want to
But i know you know
Your going home with me
Just when i think i got you figured out
You spin me faster than the speed of sound
But i know you know it makes me want you more
(makes me want you more)
Boy your turning me on
I wana be the bed that you'll be laying on
Yeah i wana be yours
Anything and everything i wana be
That song that's coming through your headphones
Just like the purple lake in your tatoo
Well that's how close i wana be to you
Under your skin im playing in your head
Playing in your...
Am i turning you on
I wana be the bed that you'll be laying on
I wana be yours
Anything and everything i wana be
That song (that song) that's coming through your
headphones

I let my world revolve around you
I whisper sweet things in your ear
Ive never loved but im about to
Cant you feel us going there

Am i turning you on
I wana be the bed that you'll be laying on
I wana be yours
Anything and everything i wana be
That song (that song)that's coming through your
headphones
