God only knows how I've needed a friend
Who can see through the boldness and pride
Someone strong enough I can put my faith in
Someone willing to let me inside

So be a man
And be my man

I dare you to need me
Like nobody else
I dare you to feel me
Like you've never felt
I dare you to want to want
To wanna be good to me

Baby you've got your reasons
Dangling from kite strings
But you can open your hands
Let them fly

Oh, I know you wont always say
And do the right things
Oh, but some things are worth a try

So if you can
Be my man

I dare you to know me
Like I've never known
I dare you to show me
That I can be shown
Dare you to want to want
To wanna be good to me

Tell me I, tell me I'm the one who deserves you
Oh, and every time, every time
You know that you want to
I dare you

I dare you to hold me
Like you never will again
Kiss me and leave

The world standing still
Dare you to want to want

I dare you to need me
Like nobody else
I dare you to feel me
Like you've never felt
I dare you to want to want
To wanna be good to me

I dare you to want to want
To wanna be good to me
