I fall to peices
Each time I see you again
I fall to peices
How can I be just your friend?

You want me to act like we've never kissed
You want me to forget
Pretend we've never met
And I've tried and I've tried but I haven't yet
You walk by and I fall to peices

I fall to peices
Each time someone speaks your name

I fall to peices
Time only acts to the flame

You tell me to find someone else to love
Someone whol'll love me to
The way you used to do
But each time I go out with someone new
You walk by and I fall to peices

You walk by and I fall to peices
