No way out

You've got me wrapped up in you
Somehow you let me in
Into your web of bittersweet, of ecstasy and sin
I feel like an angel falling out from grace

I try to run but I keep on falling
And every time I turn around
I hear your voice and it keeps on calling
I'm bound, there's no way out
No way out

You wanted me to want you
And I couldn't help myself
You became my addiction
And I won't need nothing else
I feel like I'm trapped inside these walls
Trying to find my way

And I try to run but I keep on falling
And every time I turn around
I hear your voice and it keeps on calling
I'm bound, there's no way out
No way out

It's like a dream, you can't wake up from
It's a hunger that can't be satisfied
No matter how I try there's no escape

I try to run but I keep on falling
And every time I turn around
I hear your voice and it keeps on calling
I'm bound, there's no way out
No way out, there's no way out

There's no way
There's no way
There's no way
