Everybody's talkin' 'bout somethin'
A lot of static and a lot of nothin'
Pollutin' the air with who the hell cares kinda gossip
Headlines to spare in our pockets in our pockets
It's a shame but we could all stop it

Tell a neighbor, tell your friend
It ain't a 60's thing, we still need a little help

Rumor 'bout a revolution
Spread a little soul solution
Let it stir in the wind
Come on let a chance begin

And a hand, not a fist
Yeah, ignorance ain't bliss
If it leaves us in ruins
Rumor 'bout a revolution
Rumor 'bout a revolution

Ain't it easy passing judgment, yeah
Just to entertain ourselves
I'm not here pointing fingers
I've been guilty myself

You see there's a bigger picture
With a million point of views
Well, love ain't a color, it's a damn strong mother
And it ain't gonna lie

Rumor 'bout a revolution
Oh, spread a little soul solution
Let it stir in the wind
Oh come on let a chance begin

And a hand, not a fist
Yeah, ignorance ain't bliss
If it leaves us in ruins
Rumor 'bout a revolution
Oh, rumor 'bout a revolution

Tell your neighbor, tell your friend

It ain't a 60's thing, we still need a little help

Rumor 'bout a revolution
Spread a little soul solution
Let it stir in the wind
Come on let a chance begin

And a hand, not a fist
Yeah, ignorance ain't bliss
If it leaves us in ruins
Rumor 'bout a revolution
Oh, rumor 'bout a revolution

Say a rumor 'bout a revolution
And a hand [Incomprehensible]
I say, rumor 'bout a revolution
Rumor 'bout a revolution
Oh yeah, telling 'bout a revolution
