Ooh, yeah  
Oh yeah

Isn't it a gamble  
Laying your heart out on the floor?  
Nothing short of a miracle  
When you find the one you're looking for?  
It's another kind of trouble  
Trying to hang onto who you are  
When all you wanna do is lose yourself  
In someone else's arms  
Isn't it a wonder that we got this far?

But some people aren't lucky like us  
Some people, they just give up  
When the hard times fall  
The thrill of it all is gone  
It leaves you in a cloud of dust  
It's sad to think that some won't find it  
And others won't recognize it  
Even when it comes  
We're all at the mercy of the will of love  
But some people, yeah  
Some people aren't lucky like us

Two lonely souls  
That just stumbled into fate  
Look how much we've been given, babe  
In spite of all of our mistakes  
And I will never forget I've been blessed  
With the gift of loving you, yeah  
And when the going ain't easy, babe  
A little faith will pull us through  
Thank God we have each other  
We can hang onto, yeah

But some people aren't lucky like us  
Some people, they just give up  
When the hard times fall  
The thrill of it all is gone  
It leaves you in a cloud of dust  
It's sad to think that some won't find it

And others won't recognize it  
Even when it comes  
We're all at the mercy of the will of love  
But some people, yeah  
Some people aren't lucky like us

To have someone you can laugh with  
Someone you can cry with  
Tell all your secrets to  
To have someone who won't judge you  
Someone who just loves you  
No matter what, they stand beside you

Some people aren't lucky like us  
Some people, they just give up  
When the hard times fall  
The thrill of it all is gone  
It leaves you in a cloud of dust  
It's sad to think  
That some are never gonna find it  
And they won't recognize it  
Even when it comes  
We're all at the mercy of the will of love  
But some people, yeah  
Some people, yeah  
Some people aren't lucky like us

Ooh, yeah

Some people aren't lucky like us
