The light of my life's been stolen
I've walked in every shade of black
And I never thought I would get me back
It's funny how life can change you
And make you who you are today
I wonder if God set it up that way
For me to be...

Strong, even when it hurts
The heat, it's gonna burn
Gotta let it go
Strong, Strong
Make a big mistake and never run away

There's nothing like this feeling
To be free and unafraid
Who ever thought I could be this brave?
Learning every day

Strong, even when it hurts
The heat, it's gonna burn
Gotta let it go
Strong, Strong
Make a big mistake and never run away

I wanna push away the boundaries
I wanna love outside the lines
I wanna sail in the sun
Be okay
And fight for my life
Whatever comes
Whatever breaks
I'll stand up straight

Strong, even when it hurts
The heat, it's gonna burn
Gotta let it go
Strong, Strong
Make a big mistake and never run away

Never run away
No, no, no

Strong!

Strong!
