I can tell you've been crying on the inside
I can see right through your eyes, what you're trying to
hide
You've got a real big wall covering up what you're
feeling for me
Well, c'mon baby, work it on out and talk to me

Baby I'm here
Ready to hear
What you're not saying
I can hear your heartbeat pounding
So don't keep me waiting
C'mon and talk to me
C'mon and talk to me

I can tell you've been hurt before
But you're face to face with love knocking at your door
All you need is a little trust to set you free
Well, here I am, don't hold back, baby talk to me
Baby I'm here
Ready to hear
What you're not saying
I can hear your heartbeat pounding
So don't keep me waiting
C'mon and talk to me
C'mon and talk to me

I cried a tear
As I felt the pain
That you hold inside
But true love is strong enough to survive
C'mon and talk to me

Baby I'm here
Ready to hear
What you're not saying
I can hear your heartbeat pounding
So don't keep me waiting
C'mon and talk to me
C'mon and talk to me
