Ooooh

In every life there are detours on dirt gravel roads,
Sometimes it feels like there's just no right way to go,
There'll be times you'll go crazy,
And times you'll break down,
Always something that stands in your way...

Chorus:

Just keep your eyes on me
Never lose sight of me
This love
Nothing can come between
Us when we're following
This love

This love...

Everybody is bound to feel lost now and then,
But I'll be the one, babe,
That'll be there for you 'til the end,
Through good days and bad
The ups and the downs
Don't you ever let go of your dreams,
Ooooh

Chorus:

Just keep your eyes on me
Never lose sight of me
This love
Nothing can come between
Us when we're following
This love

Bridge:

I'll be your Northern Star
When everything's dark
I will shine for you
Shine for you...

Chorus:

Just keep your eyes on me
Never lose sight of me

This love
Nothing can come between
Us when we're following
This love

Just keep your eyes on me
Never lose sight of me
This love
Nothing can come between
Us when we're following
This love
