They'll try to stop the dream we're dreamin'
But they can't stop us from believing
They will fill your head with doubt
But that won't stop us now
So let them say we can't do it
Put up a road block
We'll just run right through it.. Cause...

We can, do the impossible
We have the power in our hands
And we won't stop 'cause we've got
To make a difference in this life
With one voice, one heart, two hands, we can

They say the odds are stacked against us
But that can't hold us back, we will be relentless
There's a voice they're gonna hear
A voice so loud and clear
So let them say we can't do it, give us a mountain,
and we're gonna move it.. cause..

We can, do the impossible
We have the power in our hands, and we won't stop

Cause we've got to make a difference in this life
With one voice, one heart, Two hands, we can

We're gonna make a change today (make a change
today)
Because we've got the faith it takes
To win this race, so let them say we can't do it
Put up a road block
And we'll just run right through it cuz..

We can, do the impossible
We have the power in our hands and we won't stop
Cos we've got to make a difference in this life
With one voice, one heart Two hands, we can

I can (oh I can)
Do the impossible (do the impossible)
I have the power in my hands, and I won't stop

Cause I've got to make a difference in this life
With my one voice, one heart, two hands, we can
