Accept me for who I am  
And that I'm only human  
And there are more important things  
Than what we fight about

We won't always see eye to eye  
We say hurtful things sometimes  
And it gets hard when you  
Love someone so much

Everybody's got highs, and lows  
It's alright, it's the weight of love  
Highs and lows  
It's alright, oh, it's the weight of love

Remember our first kiss  
And how we melted in our seats  
There will never be a January  
As warm in Tennessee

It was an angel in the night  
Nothings ever felt so right  
Oh, even the stars over our backyard  
Don't shine sometimes

Everybody's got highs, and lows  
It's alright, it's the weight of love  
Everybody's got highs, and lows  
It's alright, it's the weight of love

We will grow old together  
Even for worse or better  
Nothing will ever keep us apart

'Cause everybody's got highs, and lows  
It's alright, it's the weight of love  
Everybody's got highs, and lows  
It's alright, oh, it's the weight of love

Everybody's got highs, and lows  
It's alright, it's the weight of love  
Yeah, yeah
