I'm sittin' on my porch  
And watchin' the flowers bloom  
I walk through my front door  
Everything is perfect in every room

But something's wrong 'round here  
I'm always fighting back the tears  
And even when you come home  
I still feel all alone

I need you to find me  
I'm the one, you left behind  
I want you to see me  
'Cause we're running out of time

You made it look so pretty  
Such a beautiful family, such wonderful friends  
But how we're going so dirty  
I don't know what's real 'cause it all feels pretend

But something's missing here  
I'm always drowning in my fears  
I've gotta take care of myself  
Before there's nothing left

I need you to find me  
I'm the one, you left behind  
I want you to see me  
'Cause we're running out of time

I'm more than just a pretty face  
I'm more than just your wife  
I have my hopes and my dreams too  
This is our song, my love

I need you  
I want you  
'Cause we're running out of time

I have my hopes and my dreams too, yeah  
This is our song, my love

I need you to find me  
I'm the one, you left behind  
I want you to see me  
'Cause we're running out of time

I need you, find me  
I have no where left to hide  
I want you to see me  
'Cause we're running out of time
