Look how the wind carries the sea
The rain falls, the sun shines and a flower breaks reed
And I have seen children at play in the park
And see how the soul supplies what it needs
And it all works together, why can't we
While my eyes saw colors their little hearts could not
see
Why can't we
Skin shades of ivory, red, yellow and dark
They were playing together, why can't we
Why can't we
I can love you and you can love me
Why can't we
Why can't we
Why can't we
Set our foolish pride free, just be and let be
They were laying together and there was peace in the
land
And I had a dream about a lion and a lamb
And I woke up and wondered, God why can't we
And so it became precious 'cause there were no
enemies
Why can't we
Why can't we
Why can't we
I can you love you and you can love me
Why can't we
Set our foolish pride free, just be and let be
Set our foolish pride free, just be and let be
Why can't we
Why can't we
Ooooooh, why can't we
