Leave me lonely  
Just don't keep me hangin' on  
These sleepless nights might kill me  
But what don't break me will make me strong

Enough to get past, the past in front of me  
I'll have to pass some memories  
I'll be alright, get by just fine  
Say goodbye and

Bring on, he's long gone, done me wrong  
Tears I'm gonna cry, when you say goodbye  
Baby, I won't be lonely long  
I won't be lonely long

Go on and go on with your life  
Just don't waste one more minute of mine  
Save your precious breath  
The one that took mine away

Once upon a time you had me hangin' on every word  
Believin' everything I heard  
You're leaving sooner or later  
Baby, why keep me waitin'?

Bring on, he's long gone, done me wrong  
Tears I'm gonna cry, when you say goodbye  
Baby, I won't be lonely long  
I won't be lonely long

I'd be lying, sayin' I ain't afraid  
But fear of leavin'  
Ain't no reason to stay, hey, hey

So baby bring on, oh no, he's long gone, done me  
wrong  
Tears I'm gonna cry, when you say goodbye  
Baby, I, when you say goodbye  
Baby, I won't be lonely long

Won't be lonely long  
Yeah, I won't be lonely long
