(one, two, three, ...)  
You, you've made no mistake  
You take everything I ever wanted into account  
When you walk into the room  
You give me, reason  
Talk in turn, never too late or too soon.

You are, poetry in motion  
You inspire, power and devotion  
You are, turning all the tide under me  
You are, the potential in me

You are...

You are, the first one that I wish to tell  
Everything that matters  
Matters because you reflect it back so well

You seem understanding  
Wherever you are standing,  
Between reason, passion, balance

You are, poetry in motion  
You inspire, power and devotion

You are, turning all the tide under me  
You are, the potential in me

You are my strongest link  
You are, everything I wanted to be, yeah

You are, poetry in motion  
You inspire, power and devotion  
You are, turning all the tide under me  
Oh yeah.

You are, poetry in motion  
You inspire, power and devotion  
You are, turning all the tide under me  
You are, you are, the potential in me

You are...

You are, you are, you are, you are, you are, you are,  
you are, you are

You inspire power and devotion  
You are, sensual  
You touch my hand... *[fade out]*
