This is hard for me
turn away, don't look
just close your eyes
and listen, listen
these words that i sing,
are for you..for you

so baby
my heart completley belongs to you
to you and if you'd accept it
i promise that i'd be true
mm for you, for you

and i love you
forever and ever
to the stars and back
times two
are you listening?
are you feeling?
the energy, here

this is what you do to me
when we are together
when we are near
you have got me dear

so baby
my heart completeley belongs to you
to you, and if you'd accept it
i promise that i'd be true
mm for you, for you
