You will live a very long life sitting like the judge sitting
with the wife
Don't ask don't ask don't ask don't ask why life is hard
in real time
Will you be a postcard or will you be a work of art
You can give everything you own but you won't get rid
of the atom bomb
Don't ask don't ask don't ask
Don't ask don't ask don't ask
Don't ask don't ask don't ask just don't ask
Will you get your pound of flesh get it while it's fresh
With zeal or was it zest it's not your vocation
You just want the very best will you be the firm
favourite
Or will you be a little more dangerous is there a reason
For all this endeavour is it music to your ears or a
reasonable fear
Don't ask don't ask don't ask
Don't ask don't ask don't ask
And don't ask don't ask don't ask
Don't ask don't ask don't ask
Don't ask don't ask don't ask just don't ask
Will you be a postcard will you be a work of art
You certainly inspire and you pour coals on the fire
That excite and ignite and give purpose to life
A cartoon with the pain, a cartoon with the pain
Will you be a postcard or will you be a work of art
You certainly inspire and you pour coals on the fire
That excite and ignite and give purpose to life
A cartoon with the pain a cartoon with the pain the pain
A cartoon with the pain
