A life full of grand ideas a life full of grand designs
Of noble feats and noble minds an entire lifetime out of
petty crime
And eyes full of Pound signs an observer of what
people do
Most people are when they've little to do flirting with
danger
Flirting with a stranger it's what they'll always do
And I know while I'm alive it's what they'll do
And I know while I'm alive it's what they'll do it's what
they'll do
Like a time bomb about to go off once bitten is not
enough
Getting too close is something to do a fascinating
pastime it is to
Amateur dramatic divorced from the pragmatic
inherent lack of style
Rotund and robust and unbridled lust paralysed and
blinkerered
With no common sense no common sense
And I know while I'm alive it's what they'll do
And I know while I'm alive it's what they'll do it's what
they'll do
The passenger who tried to get off the passenger
who'd had enough
Rotund and robust unbridled lust it's never enough
It's never enough it's never enough
A life full of grand ideas a life full of grand designs
Of noble feats and noble minds an entire lifetime out of
petty crime
Flirting with danger flirting with a stranger it's what
they'll do
And I know while I'm alive it's what they do
And I know while I'm alive it's what they'll do
And I know while I'm alive it's what they'll do
And I know while I'm alive it's what they'll do
