

Leatherface "Right Reverend"

Here comes the right Reverend Jack
His fetish is deathly white and pure, like some official
English rose
God be by your side, God be in your life
Right Reverend Jack, jack up your life...
While we gulp down the television war, pissing napalm
to the masses
Jesus Christ, Jesus wept
A regular guy in regular ways
A gospel fuck in a fucking big truck, a bastard gone
gasser
Mr. Circumfuck abound the head
Pissing napalm to my brother Fred while sister messian
gives in
A war over North Vietnam, where he likes to play Uncle
Sam
He won't be seeing you again
Here comes the warning light, wake up, it's time to
fight
Reverend Jack will understand...
