A second chance
Take a life
Another mission
To steal a kiss from borrowed lips
To taste your prison
It feels like a lifetime
Of leaving bodies on the sidelines

I swear to God girl you're never gonna regret this
Close your eyes this will only take a second
Though these veins are borrowed
This heart only beats for you

1, 2, 3, 4
They're shells disposable
Oh so expendible
Shut it out of your pretty mind
They never cared for you
How could you she'd a tear

Here's our shot to insight a revolution
They don't deserve to live
We are our revolution

These veins are borrowed
This shell is borrowed
A new life after death
It's fucking perfect
Don't you fear
They'll never hurt us darling
These veins are borrowed
This love is real

Don't worry old girl
Dry the tears from your eyes
Something better is bound to come around sometime
Let's Go

This face means nothing
These hands feel nothing
These lungs are empty

These eyes are blind
This face means nothing
These hands feel nothing
But I'm here and this heart is yours
Our love never dies
