A second chance, take a life, another mission
To steal a kiss from borrowed lips, to taste your prison
It feels like a lifetime, of leaving bodies on the
sidelines
I swear to God girl you're never gonna regret this

Close your eyes this will only take a second
These veins are borrowed
This heart only beats for you

1, 2, 3, 4, they're shells disposable, oh so expendible
Shut it, shut it, shut it, shut it out of your pretty mind
They never cared for you

Here's our shot to start a revolution
They don't deserve to live, we are are evolution
These veins are borrowed, this shell is borrowed

A new life after death, it's fucking perfect
Don't you fear, they'll never hurt us darling
These veins are borrowed, this shell is borrowed

1, 2, 3, 4, they're shells disposable, oh so expendible
Shut it, shut it, shut it, shut it out of your pretty mind
They never cared for you
How could you shed a tear?

Don't worry old girl
Dry those tears from your eyes
Something better is bound to come around sometime
Let's go

This face means nothing
These hands feel nothing
These lungs are empty
These eyes are blind

This face means nothing
These hands feel nothing
But I'm here
And this heart is yours

This face means nothing
These hands feel nothing
These lungs are empty
These eyes are blind

This face means nothing
These hands feel nothing
But I'm here
And this heart is yours

Our love never dies
