This is for the kids who ain't got no soul
Never think twice, got nowhere to go
This is for the pills that never fucking work
But it's hard to see blood on a black t-shirt

They'll never understand
Cause they were understood
An open minded fake
In a bright white coat
Tell me what you wanna know
About my bleeding fucking heart
I'll pass all your tests
Cause I lie like the best

Life is a fight (x4)

They never really listen
Cause they never fucking care
The way I feel inside
They can never fucking hear
All they wanna know about
Is insurance cards
This pain I have inside
Has made me fucking strong

Life is a fight (x4)

Never found a place I felt I fit
Never met someone who gave a shit
But I believe in what we fucking got
Now we got a chance to set it off

Never found a place I felt I fit
Never met someone who gave a shit
Let's take a stand against feeling lost
This is our chance to set it off

You'll never take me alive
Because we're already dead
You'll never take me alive
Because we're already dead inside
