I can sort through the rage  
Creeping behind  
You don't see me at all

Run through the streets  
Fear my fate that might find you insane

No you need to  
Kill and kill again!  
Kill and kill again!  
Kill and kill again!  
Kill and kill again!

Try not to lose in the fight  
You're not a player  
Blood from the stab to your knife  
Victim of mayhem, no!

If you knock on the door  
Entrance can't stop in the end  
It brings a curse and you're dead  
And the words you discreet  
Having no meaning to me  
Blood flesh no!

Kill and kill again!  
Kill and kill again!  
Kill and kill again!  
Kill and kill again!

Try not to lose in the fight  
You're not a player  
Fingers are pointing you true  
You're the betrayer!

To satisfy my hunger I might  
Kill again  
I'm not asking for forgiveness  
'Cause I know where I'll descend

I want to come  
Flash on the light for me

No I want  
Nothing that shines on me
