Some woman's watching down by the stairs  
Seems to be talking but nobody cares  
No one cares!

Rage and the violence  
Killing the will to control  
The bodies lie silent  
Their last breath for the life they once owned  
Now let's go!

Fighting in the shadows' rust  
Fading reflections belonging to the dust  
Blood in the rivers run to the sea at last  
Voice of our brothers lost meaning of the past

Your chaos steals the night - in no one can you trust  
Bleeding without a fight - you reach out for your  
crutch  
We've all gone reckless, too reckless to believe  
Lost souls in history

Fire in the heavens  
Rising to burn flesh and bone  
Rage from inside us  
Takes us back where the light had once shone  
Outside

The lifeless bodies turn to black - yeah!  
Realise the venom onto the world's attack  
Open the cages run free for all is wild  
Bring all there is for me set free this long lost child

Your chaos steals the night - in no one can you trust  
Bleeding without a fight - you reach out for your  
crutch  
We've all gone reckless, too reckless to believe  
Lost souls in history

Left on this earth to carry on  
Realising creation's divine

Higher we fly never come down

Live or die  
Fight for what's right facing your fears

Higher we fly never come down  
Live or die  
Fight for what's right facing your fears  
Do or die
