"Thunder"

The wind is still
And the night is long
The morning brings on the sun
Rain now forever
When this I found
My coming would bring on the sound

(I am the thunder)
That starts the rain
(I see the heavens)
Open the gates
(I am the lightning)
That lights up the sky
(I have the answer)
The secret is mine

Whoa-woah
The secret is mine

From heaven in Neptune
The raging seas
Moonlight in nations and kings
For ages and ages
My messengers bring
Songs for the angels to sing

Sing it

(I am the thunder)
That starts the rain
(I see the heavens)
Open the gates
(I am the lightning)
That lights up the sky
(I have the answer)
The secret is mine

I am fire at night
I am the cold of the night
The valley's echo is mine
My legend lives on through time

Bang!

Giants and saucers
They cannot withstand
The power I hold in my hands
Meekness is weakness
And I'll surpass
My strength to my own vengeance last

(I am the thunder)
That starts the rain
(I see the heavens)
Open the gates
(I am the lightning)
That lights up the sky
(I have the answer)
The secret is mine

Whoa!
The secret is mine
Yeah!

I am the thunder
