I'm on my way
To lose my mind
The situation will never change
Or the way I'm nasty kind

Once I start
I just can't stop
Control yourself is what they say
Just take me to the top

I might start a fight
Just to have a good time
And if the feeling feels alright
This time you'll be mine

Too much is never enough
I wanna see the light
What can I do to stay satisfied
Too much is never enough

Have you had too much
Or can you tell
Will you let me know now whether or not
If I can ring the bell

It's never too late
Why, you're so wise
Well you say too much, it ain't enough
I've been seein' it in your eyes

I might start a fight
Just to have a good time
And if the feeling feels alright, yeah
This time you'll be mine

Too much is never enough
I wanna see the light
What can I do to stay satisfied
Too much is never enough

I might start a fight
Just to have a good time

And if the feeling feels alright
This time you'll be mine

Too much is never enough
I wanna see the light
What can I do to stay satisfied
Too much is never enough
