Look into my eyes
Whatever you'll find I'll give
I'm confused but today
Whatever you need you'll take

So what's this all about
I don't want to play this game
I'll walk you through the day
So come on let's find our way

Yeah and the world keeps spinning
But I'm still here
Yeah and it looks so pretty
But look again

Looking back again
Whatever I did makes sense
I'm confused but today
Let's get up and find our way

Yeah and the world keeps spinning
But I'm still here
Yeah and it looks so pretty
But look again
