"As We Walk"

Visit "[As We Walk](#)" on MotoLyrics.com

As we walk
The sun comes up 'cause of you
It's my head that burns instead 'cause of you
And if i knew the way, the words to say
I'd be through
Hypnotised I realise 'cause of you

So come on drift away
Through the clouds we sail
And leave behind
The trails we've made
Two restless minds
Off to find their way, our way

As we walk
The sun comes up 'cause of you
Hypnotised i realise 'cause of you

So come on drift away
Through the clouds we sail
And leave behind
The trails we've made
Two restless minds
Off to find their way, our way
