We headed west
To legend land
Up river to
Set feet on soil
Smell morning dew
On stubborn grass
Found grapes and vines
And sweet temptation

Keeps me alive (Keeps me alive)
In my legend land I still feel how close
We are and will be
Legend land a piece you left
A piece of promise and hope

For you and me
Eternity
Appears to me
From Åsgard sent

Shining through
Any time barrier
Like wild flowers will
To stay alive
To divide the stone
To break through

Legend land I still feel how close
We are and will be
Legend land a piece you left
A piece of promise and hope

In my dreams a Legend land
A piece of promise and hope
In my heart, keeps me alive..

Legend land I still feel how close
We are and will be
Legend land a piece you left
A piece of promise and hope
(My legend land)

Legend land
We are and will be
Legend land a piece you left
A piece of promise and hope
