Sunday Lover

Show how you do your thing

We want each other

So show me how you do your thing

And I just keep on waiting

Just standing on the other side

Yeah I just keep on waiting, yeah

Just waiting for another day, yeah

I wanted to take a little more, yeah

I wanted to stay another day with you

I wanted to say that I was lost, yeah

So what do we do?

But Sunday Lover

I hope we can be friends again

We need each other

So show me how you make me bend

And I just keep on trying

To pull you from the other side

But you just keep on holding back, yeah

I wanted to take a little more, yeah

I wanted to stay another day with you

I wanted to say that I was lost, yeah

So what do we do?

But Sunday Lover

Yeah Sunday Lover

But Sunday Lover, yeah, yeah

Yeah, yeah

I wanted to take a little more, yeah

I wanted to stay another day, with you

I wanted to say that I was lost, yeah

So what do we do?

Oooooo...
