I will escape, from here  
Since you went, I have counted, one year

Wherever you go I will follow you  
Let me heal (Let me heal!)  
I want to rest in your embracing arms  
Let me heal (Let me heal)  
Whenever you say it I will follow you  
Say for me (Just let me heal)  
I want to arise with you  
Say for me!

Herbal teas, wounded soul  
I will die, for you

Wherever you go I will follow you  
Let me heal (Let me heal!)  
I want to rest in your embracing arms  
Let me heal (Let me heal)  
Whenever you say it I will follow you  
Say for me (Just let me heal)  
I want to arise with you  
Say for me!

Heal me from these endless nights  
Help me to find the naked truth  
Heal me from these endless nights

Help me to find the naked truth

Let me heal..

Wherever you go I will follow you  
Let me heal (Let me heal!)  
I want to rest in your embracing arms  
Let me heal (Let me heal)  
Whenever you say it I will follow you  
Say for me (Just let me heal)  
I want to arise with you  
Say for me!

Let me heal

Let me heal  
Let me heal~  
Let me heal  
Let me heal  
Let me heal~  
Let me heal!
