Seil den sterke sj  f  f  ,
Solen har g  f  f  ,  tt ned
i det vide havet
I det m  f  f  ,  rke dypet
hviler en dr  f  f  ,  m
om et ukjent land

The music of your heartbeat brightens me
(brightens me)

turn my fears into hope
Oceans of blue

Darkening sky the shadows fall
Foaming waves shatter us
I cry aloud into the sky
Solemn sea save me

Solemn sea (solemn sea)
save me

Watch and wait for the next
Attacking wave
Ice-cold rain
The black mirror of the sea
Watching me
Save me

The humming of the waves frightens me
(frightens me)

Turn my fears into hope
Oceans of blue

A thunder storm roars at me
My body shakes in the rain
Lightening rays spearing me
A thousand spears haunting me

Solemn sea (solemn sea)
save me

Solemn sea (solemn sea)
save me

Watch and wait for the next
Attacking wave
Ice-cold rain
The black mirror of the sea
Watching me
Save me

Seil den sterke sjøfår, Å,
Solen har gått ned
i det vide havet
I det mørke dypet
hviler en drøm
om et ukjent land

Solemn sea (solemn sea)
save me

Solemn sea (solemn sea!)
save me

Watch and wait for the next
Attacking wave
Ice-cold rain
The black mirror of the sea
Watching me
Save me
