He's dating a lawyer with a gentle nature  
Says, "She ain't nothing like me"  
And there's fire and there's water  
And all I can offer is a temperament that he don't need

Well, he's making his rounds with the well bred in town  
Safe and out of harm  
Well, he can say what he likes  
Water is nice but it's the fire that keeps you warm

Maybe I'm rough around the edges and stubborn to a  
fault  
Maybe I'm just a little too hard headed, stiff backbone  
and all  
Maybe I'm passionate about being passionate  
Say what you like, boy  
Water is nice but it's the fire that keeps you warm

Well, if you know me you know it's true  
And you can quote me if you want to

Maybe I'm rough around the edges and stubborn to a  
fault  
Maybe I'm just a little too hard headed, stiff backbone  
and all  
Maybe I'm passionate about being passionate  
Well, say what you like, boy  
Water is nice but it's the fire that keeps you warm

Say what you like when they all turn to ice  
It's the fire that you're gonna want

He's dating a doctor with a gentle nature  
Says, "She ain't nothin' like me"  
And there's fire and there's water  
And all I can offer is a temperament that he don't need
