If all of my life
I try and I try
Baby I could never show you all this love I have inside
'cause every day, when we wake
I look deep into your eyes
And I realize
I could kiss you in the rain forever
Turn all of your pain to pleasure
Fill up all your days with sunlight
Make the passion last everynight
Give you my every possession
Make you my only obsession
Climb up to the sky and pull down all the stars above
But iiiiii could never love you enough

If I could have one wish
It would just be this
I could take you to my soul and show you all the love
there is
Never ending sea deep inside of me
There's no stopping it
Baby and i..

I could kiss you in the rain forever
Turn all of your pain to pleasure
Fill up all your days with sunlight
Make the passion last everynight
Give you my every possession
Make you my only obsession
Climb up to the sky and pull down all the stars above
But iiiiii could never love you enough!

Ohhhh
No matter what I do
Its never as much as I want to
Baby it could never be enough
(never enough)

I could kiss you in the rain forever
Turn all of your pain to pleasure
Fill up all your days with sunlight
Make the passion last everynight

Give you my every possession
Make you my only obsession
Climb up to the sky and pull down all the stars above
But iiii could never love you enough!
