Darling

Oh darling

If I could have you to call my very own

I'd work my fingers to the bone

I'd never roam

To you I'd always come home

There's something about you baby

That keeps me loving you

There's something about you babe

That makes me love you just a little bit more

Truly love you just a little bit more

Sweet sweet thing I'm satisfied

Sweet sweet thing you got my soul on fire

I need you

Oh I want you

No matter what price I have to pay

'Cause without the shelter of your loving arms

There's no need for living anyway

There's something about you baby

That keeps me loving you

There's something about you babe

That makes me love you just a little bit more

Truly love you just a little bit more

Sweet sweet thing I'm satisfied

Sweet sweet thing you got my soul on fire

I'm just your puppet

On a string

Lonely tears you sometimes bring

Won't you do me any way

You wanna when you wanna

I'll keep on loving you anyway

There's something about you baby

That keeps me loving you

There's something about you babe

That makes me love you just a little bit more

Truly love you just a little bit more

There's something about you baby
That keeps me loving you
There's something about you babe
That makes me love you just a little bit more
Truly love you just a little bit more
