I know [x6]

Boy, I lost and I'm foolish Runnin off with at the two lips
Prolly woin all the cruelest persecute us to fool us
Catch me hangin with shooters Rumored to shrew yo'
medulla

My mamma told me they would screw us but I already
knew it

Who go'n give 'em peace of mind They can have piece
of mine

No they thinkin I'm blind But I just pay them no mind
Yeah I know they be lyin They misquotin my lines
They like "What you think you doin puttin hope in yo'
rhymes?"

You would think I'm shootin folk or puttin coke in my
rhymes

I just give 'em bass for free and push the dopest of
lines

Boy you trippin, I know Cr-Cr-Crae you slippin, I know
I done heard this all before just sit back enjoy the show
Yeah, I know they go'n hate us Type they blog up,
debate us

They be fishin for attention but don't know how to bait
us

Keep that hate on Hiatus Big ups to my Creator
No big bang just a banger So tell that DJ to bang it!
Yeah!

I know [x8]

I know what they sayin, but I promise that I'm cool
though

I know what they sayin, but I promise that I'm cool
though

I know what they sayin I ain't trippin on it mayne
I just came to do my thing Somethin different for a
change

Listen I-K N-O

They tryin to find out my M.O.

I tell 'em God sent me they prolly ain't get the memo, I
know

I can say that cuz Jesus walks They don't play that, I
know

Shouldn't be up here cuz people rollin they trees here, I
know
You can't help 'em No trippers and killers welcome, I
know
You can't hear it No ignorance in my lyrics
Boy they swear I went loco 116 still my logo
Catch us rollin in that Volvo Go'n snap you a photo
Maybe Andy or PRo
Though Might see Trip in De Soto Maybe KB, maybe T-
Dot Yeah I know you
Don't know though Yeah I know they don't like me Cuz I
be on my Spike Lee
Even when I do the right thing, they still wanna fight me
IRS want they
Taxes Police stop us in traffic Plus my girl be on my
back She say my life
Is too hectic 'Crae they watchin, I know Aye they talkin, I
know I done
Seen this all before Man, it's just part of the show Let's
go!
I know [x8]
I know what they sayin, but I promise that I'm cool
though
I know what they sayin, but I promise that I'm cool
though
