I wake up before I throw a beater on
I thank the lord for peace or you could say shalom
Im on and im gone out the door gone rep my home
New Jerusalem
You know what we been on
Got the word in my heart
When then they start in the darkness
Wanna get it sparked up
So I keep a guard up
Cuz sin in me wanting to get the best of me
And have me all scarred up
And im all marked up by the spirit of sinning filling me
up with everything I need -Okay-
Yet I got that cheese but I don't need a piece
I just need peace please
This life aint easy
Matter fact its opposite
And I got the test results
Im very positive
That's why im on this track wit PRo because im
supposed to give
So potent portions of potion proportion into postin kids
Of pain and suffering
Whos dad has never loved on them
And wouldn't know the peace of God if it was placed in
front of them
And I was one of them
I don't take my life for granted
So ima use this day tryna share my faith and pray to
seize the planet

Early in the morning a.m.
You know that I thank him
Cuz he still call me clean regardless of the mess I lay in
My vision on the throne
Cooler than patron
Yes sir I am gone in my zone
Thinkin bout the way my father put me on
Its nuthin but grace
How He's taken me faith and He died for the ultimate
villain
I still disobey but regardless im chained when I shoulda
been dead but im livin
See I know when Im broke He wont leave me alone it's a
beauty of God and his mercy
So im singing this song about Him on the cross of my
heart with that item of purchase
Why them old props so worthless
Figure It's a ____?, but I merk it
Whether live or die im dedicated to Christ
Yes sir im standing my purpose
Put my faith in Him cuz He's perfect
Insurance like geico

Cuz if I do not have His love
Im Norman Bates Psycho
I go hard Watch me Rebel wit Lecrae
Give my whole life for da King
Don't Trip's just let em invade
I Sho Baraka Obama this peace is more than just worth
it

So call Tedashii tell em Identity Crisis averted (Hey)

24/7 all the time
Yea im on my grind

Dying everyday Im tryna rhyme
Hope to save they live peace
What I died I feel released
From the knot
Sin bound me in but Jesus had the keys to the lock
This life is boot camp
Yea I know the drill
Flesh kill
But His will
Is with this peace that im filled and its real
Earth is not my home
While I roam in wrong
Got the Lord up on my dome
Restin in that new shalom
(PRo)
See aint go C-H-R-I-S-T-G-O-D
His spirit inside of me
And with out His L-O-V-E
Im another lost soul so obviously
_____?
I get the grace through faith that I found in Him
The love He give coulda curse of sin
Why should I ever give in
So chase that money
Get your Ritz colas refrigerators
I will be an out cast til He raise me up
Elevators
Me and you
Yo mamma yo cousin my brother
Bring whenever sign of soul forth just to be stuntin
Cuz everything that's good to me the Lord He done it
Run it
